the enchiridion of epictetus is a short manual of stoic ethical advice compiled by arrian a 2nd century disciple of the greek philosopher epictetus common english translations of the title are manual or handbook

the enchiridion greek for handbook of epictetus is a favourite text of the stoic school of philosophy compiled by arrian a former pupil around the time of epictetus death in 135 ad this enduring text is a compilation of lecture notes based on epictetus lessons it has long been considered an excellent manual of practical philosophy epictetus 55 135 ad was born at hierapolis in what is now turkey sold to epaphroditos who was secretary to emperor nero he spent his youth in rome he developed a consuming passion for philosophy with the permission of his master epictetus was allowed to study stoic philosophy over time as his learning and wisdom grew he became a respectable citizen of rome and an esteemed philosopher epictetus unlike some of his metaphysical forebears concentrated on making philosophy practical how it could be used beneficially in everyday life the timeless message of the enchiridion is as practical today as it was in ancient greece perhaps this is where the enchiridion gets its enduring power and long life a central theme of the work is to clearly distinguish between what we can and cannot control in life we can control what we think and how we act we cannot control what others think and how they act we must put our effort into what we can control and refuse to worry about what we cannot following on from this is to limit our expectations if we understand we cannot control people then we will not expect them to behave in a certain way and we will not get upset or disappointed when they do something different another theme is to not become attached to people and things such that when they disappear from our lives we will be upset this idea bears a striking resemblance to the central buddhist tenet of non attachment to impermanence epictetus urges us to observe carefully the patterns of nature and learn to live in harmony with them this

includes accepting what happens in life with grace without resistance it is how we think about events that makes them good or bad not the event itself our beliefs create our reality the same event could be interpreted by two people in diametrically opposed ways according to their belief these have been a sampler of the many practical recommendations to be found in this remarkable book the first english translation was published around 1567 though this book is based on elizabeth carter s 18th century translation

the enchiridion the handbook of epictetus by epictetus and translated by thomas w higinson with an introduction by albert salomon the enchiridion or handbook of epictetus is a short manual of stoic ethical advice compiled by arrian a 2nd century disciple of the greek philosopher epictetus there are things which are within our power and there are things which are beyond our power within our power are opinion aim desire aversion and in one word whatever affairs are our own beyond our power are body property reputation office and in one word whatever are not properly our own affairs the little book by epictetus called enchiridion or manual has played a disproportionately large role in the rise of modern attitudes and modern philosophy as soon as it had been translated into the vernacular languages it became a bestseller among independent intellectuals among anti christian thinkers and among philosophers of a subjective cast montaigne had a copy of the enchiridion among his books pascal violently rejected the megalomaniac pride of the stoic philosopher frederick the great carried the book with him on all campaigns it was a source of inspiration and encouragement to anthony earl of shaftesbury in the serious illness which ended only in his death many pages of his diaries contain passages copied from the enchiridion it has been studied and widely quoted by scottish philosophers like francis hutcheson adam smith and adam ferguson who valued stoic moral philosophy for its reconciliation of social dependency and personal independence
