business law policy and social responsibility is a comprehensive addition to any institution's collection addressing the diverse needs of those exploring the landscape of business law and policy

essay from the year 2013 in the subject business economics business ethics corporate ethics language english abstract in a contemporary competitive market the correlation between corporate social responsibility csr and profitability cannot be overemphasised multinational companies gain economic and competitive advantage by active involvement in social responsible programs and good ethical practices this essay analyses the level of impact of csr activities in the telecommunication sector of nigeria using different established theoretical views and approaches also the adverse effects of the telecom operator's business operation on the environment are delineated an approach is recommended for the telecom operators to foster a common interest of all stakeholders in the industry

this book addresses key issues related to the choice between governments regulating and enforcing society's sustainability and social responsibility objectives and firms reporting on their sustainable and socially responsible activities so stakeholders can exert pressure on firms to achieve society's goals while these may be considered as the two endpoints of a continuum it is clear that there are differing perspectives on the role of governments in sustainability and responsibility at one end of this continuum are stakeholders who believe the only way to achieve a sustainable and socially conscious society is to establish and enforce regulations with the concomitant governmental organizations to oversee and enforce those regulations at the other end are those who consider firms to be crucial organizations for achieving sustainability and socially responsible outcomes and who feel it is the responsibility of stakeholders to determine the legitimacy of firms' actions it is probably not the case that any economies exist at either end of this continuum but it is clear that the availability of reliable information is critical for any stakeholder to review the performance of either the governments or the firms this book presents a varied set of papers that explore the issues that must be considered regardless of which position a stakeholder takes

as ethnic racial religious and gender based groups demand rights to pursue radically diverse lifestyles or maintain their cultural traditions conflict seems inevitable even in a free society government may offer remedies to social dilemmas such as affirmative action curbs on immigration or protection of gay rights but these may only fan the flames of resentment yet any society that tolerates and protects diversity is more likely to preserve the freedom to live one's life without interference emily gill reexamines the liberal tradition to reconcile its core commitments to autonomy and diversity values that in theory are complementary but in practice are often at odds and to show that the interaction of these values determines how we as individuals become free in becoming free she argues that true freedom is enhanced through the promotion of diversity and the encouragement of rational reflection on the options it allows and that limited choice or ignorance diminishes such freedom yet an incomplete freedom is what many individuals groups and states advocate when they commit to

particular cultural traditions or religious beliefs despite the autonomy they themselves enjoy gill traces the implications of these conflicting views by drawing on recent scholarship and legal decisions in six areas national citizenship cultural membership ethnicity and gender religious belief sexuality and civic education by exploring the tensions between autonomy and diversity in such instances as boy scouts membership restrictions gay rights legislation and education among the amish she not only offers an insightful commentary on current issues but also explores the moral foundations of liberal thought unlike those who criticize liberalism for its shallow philosophical grounding gill shows it to have a substantive moral content grounded in the individual s capacity to make rational decisions based on critical reflection in her tightly woven arguments she explores real world problems in a meaningful way for students and for anyone concerned with the future of liberalism showing that becoming free is an ongoing process of human and social development

no other book combines so much of modern military history with so rich an exploration of related factors in industry finance education and technology as well as statecraft combining strands of history from all these areas pearton makes an unusually complete and cogent case for the breakdown of traditional distinctions between the civil and the military and even between war and peace this is an excellent work of military and economic history russell f weigley author of the american way of war pearton s historical approach adds needed depth and perspective to many contemporary discussions of the arms problem this is an illuminating and incisive inquiry into a phenomenon of unquestioned importance international affairs
